BUILDING AND ZONING DEPARTMENT**

330 Route 376, Hopewell Junction, NY 12533  
(845) 221-2427 Fax (845) 227-4018  
<http://www.eastfishkillny.gov>

**RESIDENTIAL FUEL STORAGE TANK APPLICATION  
REQUIREMENTS**

- Application completely filled out.
- Completed Tank Location Survey (see sample attached).
- Completed Tank Check List.
- Copy of Liability Insurance and Worker's Compensation for all companies doing work.
- FEE: PLEASE SEE THE CURRENT FEE SCHEDULE  
CASH OR CHECK MADE OUT TO: TOWN OF EAST FISHKILL  
**Note: Construction without a permit is double the fee**

Upon completion of removal:

If tank has been removed/abandoned by a tank removal company: A Certified Letter stating that the work is complete and meets NYS Code must be sent by the tank removal company to the East Fishkill Building Department in addition to the final inspection required by this office. **WHEN SCHEDULING THE ABANDONMENT/REMOVAL FINAL INSPECTION YOU MUST BE READY FOR THAT INSPECTION BY 11:00 AM ON THE DATE IT IS SCHEDULED FOR. THE INSPECTOR WILL COME OUT TO INSPECT BETWEEN 11:00 AM & 12:30 PM.**

If you, as homeowner, perform the removal/abandonment: You must schedule a final inspection with the East Fishkill Building Department. If you employ sub-contractors, you must ensure that all sub-contractors have valid Workman's Compensation insurance. Please call this office at least 48 hours to schedule required inspections by the Building Department. Please ensure that your site is ready when you schedule an inspection – an additional charge will apply if an inspector has to be rescheduled due to the site not being ready at the time of inspection.

**SEE ATTACHED INSPECTION SCHEDULE**

**FUEL STORAGE TANK INSPECTION SCHEDULE**

**You are required to schedule all inspections as indicated below with the Building Department during regular working hours and with a minimum of 48 hours' notice.**

- Tank removed/cut opened and cleaned.
- Hole where buried tank was prior to being filled.
- Fill and vent for old tank removed or filled with concrete.
- Tank abandoned in ground filled with inert solid material.
- New tank to have pressure test prior to hook up.
- New tank installed and hooked up with shutoff valves.
- New fill and vent piping installed as per NYS Code and minimum of 2 feet from any opening.
- Soil report from lab for all tank abandonments. Tank removals may require report.
