Town of East Fishkill Town Planning Board  
Attn.: Scott Bryant: Town Engineer  
330 Rte 376  
Hopewell Junction, NY 12533

Dear Mr. Bryant,  
Thanks for the call today and for discussing the Treetop Development project.

As we discussed, I will serve the role of an Environmental Monitor for this project, at this initial stage. My credentials include my training and professional service as a Professional Forester and Arborist for the last 35 years. Many of the roles in this capacity involve evaluation of the condition of trees and tree parts to determine their state of life and health. Many times this evaluation is done forensically, following cutting of the tree or tree part.

My activity on the Treetop Development project will be to visit the site initially, to determine compliance with the scope of work authorized by the Town of East Fishkill, and then to visit the site at random times twice a week, when work commences, to assure that the authorized scope of work is followed. Work will include a written report returned to the Town of East Fishkill Planning Department following each visit, either in person or via email. My rate for this service will be \$ 125.00/ hr.

Thank you again for choosing Forest-All. If there are any questions, you may reach me at the numbers on the letterhead. A signed copy of this proposal will be needed to reserve time in our calendar.

Sincerely,

*Brent E. Feldweg*
