## Sewer and Water Department

330 Route 376, Hopewell Junction, New York 12533  
Telephone 845-223-5114

April 4 2025

### **Four Corners Subdivision & Taconic Hills/ Stone Ridge Subdivision Irrigation Schedule**

We are implementing an irrigation schedule for 2025. Similar to past irrigation schedules, home owners will be able to irrigate their properties based upon location and schedule. The back side of this letter includes an irrigation schedule and map. Irrigation usage will need to follow the schedule until further notice. If you need clarification about when you should be irrigating please contact the Water and Sewer Department at (845) 223-5114. This is the same schedule we implemented for 2024. Residences may top off pools, power wash exteriors, and water flowers, as needed, and are not restricted to their assigned irrigation days.

We will be posting neighborhood signs clarifying the irrigation schedule for the first few weeks. The irrigation schedule will stay in effect unless another irrigation ban is needed. The irrigation schedule will remain in effect whether the neighborhood signs are installed or not. We are hopeful that residences will follow the irrigation schedule and signs will not need to remain posted. However, should residences not abide by the irrigation schedule, we will re-post signs. Please, be aware that properties that are performing irrigation on non-scheduled days will be charged with a non-compliance penalty and may need to seek irrigation permitting from the Town Building Department.

We thank you for your continued cooperation.
